SUBJECT INDEX

	Part / page
AES Exhibition 2012	
Exhibition report.....	505: 217
<i>AES Exhibition 2012: exhibit reports</i>	505: 218-221
Collection of butterflies from the Southern Ural Mountains, European Russia.....	505: 220-21
In defence of wasps (social ones that is)	505: 219
<i>Pyrausia aerealis</i> - new to Britain	505: 218
Scarlet tiger moth.....	505: 218
Some insects from Udzungwa Mountains, Tanzania during March 2012.....	505: 219-20
Agriculture	
<i>Organic farming: why is big business so worried? (Letter to Ed.)</i>	ICN 68: 12-13
Arachnida	
Spider Sue – R.I.P	504: 210
Australia	
Endangered dragonflies in eastern Australia	ICN 67: 11-13
Bees see: Hymenoptera	
Beetles see: Coleoptera	
Behaviour	
Can caterpillars count? – the Grey Dagger, <i>Acronicta psi</i> (Lep.: Noctuidae).....	505: 225-27
Damsel fly with two abdomens (Odonata: Coenagriidae).....	504: 200-02
How do species of Lepidoptera with apterous females colonise isolated trees?	504: 183-84
Pair of speckled bush-crickets?	504: 182
Processionary larvae in a closed circuit (Lep.: Thaumtopoeidae)	502: 127-28
Study of gregariousness - larvae of the Buff-tip <i>Phalera bucephala</i> (L.) (Lep.: Notodontidae), and similarities with Thaumtopoeidae.....	500: 4-17
Swarming of Migrant Hawkets	504: 181
Unusual note concerning <i>Rhyssa persuasoria</i> Hym., Ichneumonidae.....	503: 165-66; 505: 222-23
Book Reviews	
Buzzing!	504: 211-12
Ecology and evolution of dung beetles.....	502: 136-37
Guide to the British freshwater macroinvertebrates for biotic assessment	500: 32-33
Keys to adults of the water beetles of Britain & Ireland (pt.1).....	502: 134-35
Ladybirds (Coccinellidae) of Britain and Ireland.....	502: 135-36

Las Mariposas diurnas de Sierra Nevada 503: 175

Butterflies see: Lepidoptera

Coleoptera

- Asian Longhorn beetle: bad news in the UK ICN 68: 7-9
Cblaenius vestitus Paykull, 1790 and *Scarites buparius*
(Forster, 1771), new to the Ionian Islands, and other
carabids from Corfu (Kérkira) 501: 82-93
Cybister tripunctatus ssp. *africanus* Laporte, 1855, *Dytiscus*
mutinensis (Pederzani, 1971), and other large water
beetles in Corfu (Kérkira) 501: 50-62
Declining ground beetle populations in the UK ICN 69: 8-9
Does the Figwort weevil breed on buddleia? 504: 202-03
False Darkling beetle *Phlototrya vaudoueri*
(Mulsant)(Coleoptera: Melandryidae): a new foodplant
identified for a colony breeding in August 504: 187
Harlequin ladybird, *Harmonia axyridis*, a visitor to my
garden in Essex 502: 119-24
Melolontha melolontha [Poem] 502: 115
Oil beetle rediscovered in Lincolnshire after 28 years ICN 68: 9-10
Oxythyrea cinctella (Schaum, 1841) and other members of
the Cetoniidae from Corfu (Kérkira) 501: 78-81
Rugged oil beetle in south-west England ICN 67: 10
Sailor beetles - *Cantharis rustica* (Col., Cantharidae), leks
and Müllerian mimicry rings 503: 160-64

Collecting

Some recollections on the hazards of moth collecting 503: 167-72

Conservation see: all entries showing "ICN"
(Invertebrate Conservation News)

Corfu see: Greece

Crustacea

- Another "killer shrimp" introduced to the UK ICN 69: 5
Fairy Shrimp at Imber, Salisbury Plain ICN 69: 6
Spread of the "killer shrimp" in the UK ICN 68: 4-5

Diptera

Invertebrates of coarse woody debris in streams ICN 68: 10

Education

- AES and Bug Club Residential Weekend at the Hill End
Centre, 2012 504: 185-86
Enquiries at an AES entomological workshop 502: 130
Insect species recorded at the Hill End Centre near Wytham
Wood, August 2012 504: 188-95

England

Abundance of Jersey Tiger, <i>Euplagia quadripunctaria</i> (Lep.: Arctiidae) in 2012.....	505: 224
Advice for farmers in the East of England: partnership between RSPB and Buglife.....	ICN 67: 7
Aldwych Vapourers.....	505: 239
Brownfield butterflies in Staffordshire, England.....	ICN 69: 6-7
Drought in England.....	ICN 67: 9-10
High Speed Rail project in England.....	ICN 67: 3-5
How do species of Lepidoptera with apterous females colonise isolated trees?.....	504: 183-84
Insect species recorded at the Hill End Centre near Wytham Wood, August 2012.....	504: 188-95
Insects of a small suburban garden No. 3.....	503: 146
My summer of giants!.....	505: 231-38
Oil beetle rediscovered in Lincolnshire after 28 years.....	ICN 68: 9-10
Olympic sites: more conflict with conservation.....	ICN 68: 11
<i>Pyrausia aerealis</i> - new to Britain.....	505: 218
Rugged oil beetle in south-west England.....	ICN 67: 10
Short-haired bumblebee re-introduced to UK.....	ICN 68: 11
Some insects seen in Dorset, 2011.....	500: 22-23
Summer swarm of Red Admirals.....	502: 125-126
Thames Estuary Airport for London?.....	ICN 67: 2-3

Entomologists

Help wanted - an historic entomologist Mr W.A. Cope.....	500:21
Talking of butterflies, moths and L. Hugh Newman.....	500: 34-35

Extinctions

New report on predicted extinction rates of invertebrates.....	ICN 69: 1-4
--	-------------

Foodplants

Attitudes to ragwort in the UK.....	ICN 67: 5-7
Brownfield butterflies in Staffordshire, England.....	ICN 68: 7
Does the Figwort weevil breed on buddleia?.....	504: 202-03

France

Mourning Cloak at Chamonix [Story].....	500: 36-40
---	------------

Garden habitats

Habitat connections between urban gardens.....	ICN 69: 12-13
--	---------------

Germany

Longevity and late dates for British and German Orthoptera, plus a predation record.....	503: 156-59
--	-------------

Grasshoppers see: Orthoptera

Greece

Cblaenius vestitus Paykull, 1790 and *Scarites buparius* (Forster, 1771), new to the Ionian Islands, and other carabids from Corfu (Kérkira) 501: 82-93

Cybister tripunctatus ssp. *africanus* Laporte, 1855, *Dytiscus mutinensis* (Pederzani, 1971), and other large water beetles in Corfu (Kérkira) 501: 50-62

Key identification features for the Red-veined Darter *Sympetrum fonscolombii* (Selys, 1840) and other Odonata in Corfu (Kérkira) 501: 45-49

Oxythyrea cinctella (Schaum, 1841) and other members of the Cetoniidae from Corfu (Kérkira) 501: 78-81

Revised checklist of the butterflies (Rhopalocera) of Corfu (Kérkira) 501: 63-77

Tropidopola graeca graeca Uvarov, 1926, newly recorded for Corfu (Kérkira) and other Orthoptera of interest 501: 94-103

Hungary

Insect surprises in Hungary 502: 106-08

Hymenoptera

Insect surprises in Hungary 502: 106-08

Parasitoids (Hymenoptera) of *Coleophora serratella* L. (Lepidoptera: Coleophoridae) in South Northumberland 502: 139-45

Primary solitary egg parasitoid (Hymenoptera: Proctotrupeoidea, Scelionidae) of The Vapourer, *Orgyia antiqua* L. (Lepidoptera: Lymantriidae) 500: 24-32

Unusual note concerning *Rhyssa persuasoria* Hym., Ichneumonidae 503: 165-66; 505: 222-23

Short-haired bumblebee re-introduced to UK ICN 68: 11

Invasive species

Another “killer shrimp” introduced to the UK ICN 69: 5

Ash disease in plants imported into the UK ICN 68: 6-7

Asian Longhorn beetle: bad news in the UK ICN 68: 7-9

Further news of ash dieback in the UK ICN 69: 4-5

Spread of the “killer shrimp” in the UK ICN 68: 4-5

Sweet chestnut blight found in UK ICN 68: 5-6

Jersey

Good news about mussels in Jersey ICN 67: 13

Legislation

European consultation on invasive species ICN 68: 9

Final version of National Planning Policy Framework in the UK ICN 68: 3-4

Review of the list of species protected in Great Britain ICN 68: 3

Lepidoptera

Abundance of Jersey Tiger, <i>Euplagia quadripunctaria</i> in 2012	505: 224
Aldwych Vapourers	505: 239
Brownfield butterflies in Staffordshire, England	ICN 69: 6-7
Browns can be beautiful [Story].....	505: 246-52
Butterflies in Wellington, New Zealand	502: 116-18
Can caterpillars count?—the Grey Dagger, <i>Acronicta psi</i> (Lep.: Noctuidae).....	505: 225-27
Collection of butterflies from the Southern Ural Mountains, European Russia	505: 220-21
Gypsy Moth <i>Lymantria dispar</i> (Lepidoptera: Lymantriidae)	504: 210
Hour of butterflies	502: 131-33
How do species of Lepidoptera with apterous females colonise isolated trees?	504: 183-84
Letter from Spain: 16th in a series — Spanish winter butterflies, notes on 2011 -12 and a species review.....	504: 204-09
Letter from Spain: 17th in a series — British immigrant Lepidoptera found in Andalucia. Part 1: Introduction and the butterflies.....	505: 240-45
Mourning Cloak at Chamonix [Story].....	500: 36-40
Parasitoids (Hymenoptera) of <i>Coleophora serratella</i> L. (Lepidoptera: Coleophoridae) in South Northumberland	502: 139-45
Primary solitary egg parasitoid (Hymenoptera: Proctotrupoidea, Scelionidae) of The Vapourer, <i>Orgyia</i> <i>antiqua</i> L. (Lepidoptera: Lymantriidae)	500: 24-32
Preconary larvae in a closed circuit (Lep.: Thaumatopeoidea)	502: 127-28
Revised checklist of the butterflies (Rhopalocera) of Corfu (Kérkira)	501: 63-77
Scarlet tiger moth	505: 218
Some recollections on the hazards of moth collecting.....	503: 167-72
Study of gregariousness - larvae of the Buff-tip <i>Pbalera</i> <i>bucephala</i> (L.) (Lep.: Notodontidae), and similarities with Thaumatopeoidea.....	500: 4-17
Summer swarm of Red Admirals	502: 125-26
Swallowtail feeding on almond blossom	502: 129
Swarming of Migrant Hawkers	504: 181
Talking of butterflies, moths and L. Hugh Newman.....	500: 34-35
Unusual hindwing of the Seraphim moth.....	500: 18-20
Week on the Isle of Arran	505: 228-30

Light pollution

Street lighting affects invertebrate community structure	ICN 69: 13
--	------------

Longevity

Longevity and late dates for British and German Orthoptera, plus a predation record	503: 156-59
Spider Sue – R.I.P	504: 210

Mimicry

Sailor beetles – *Cantharis rustica* (Col, Cantharidae), Ieks
and Müllerian mimicry rings..... 503: 160-64

Mollusca

Europe's freshwater molluscs under threat ICN 67: 10-11

Good news about mussels in Jersey.....ICN 67: 13

Morphology

The unusual hindwing of the Seraphim moth 500: 18-20

Moths see: Lepidoptera

New Zealand

Butterflies in Wellington, New Zealand 502: 116-18

Odonata

Damselfly with two abdomens (Odonata: Coenagriidae)..... 504: 200-02

Endangered dragonflies in eastern Australia ICN 67: 11-13

Key identification features for the Red-veined Darter

Sympetrum fonscolombii (Selys, 1840) and other

Odonata in Corfu (Kérkira) 501: 45-49

Orthoptera

Longevity and late dates for British and German Orthoptera,

plus a predation record 503: 156-59

Pair of Speckled Bush-crickets? 504: 182

Tropidopola graeca graeca Uvarov, 1926, newly recorded

for Corfu (Kérkira) and other Orthoptera of interest 501: 94-103

Parasitoids

Parasitoids (Hymenoptera) of *Coleophora serratella* L.

(Lepidoptera: Coleophoridae) in South

Northumberland 502: 139-45

Primary solitary egg parasitoid (Hymenoptera:

Proctotrupoidea, Scelionidae) of The Vapourer, *Orgyia*

antiqua L. (Lepidoptera: Lymantriidae) 500: 24-32

Pesticides

Neonicotinoid and other pesticides: further evidence of

harm to bees..... ICN 69: 9-11

Poem

Melolontha melolontha 502: 115

Portugal

Letter from Spain: 15th in a series; more information about

the insects seen during my trip to Portugal in May 2011..... 502: 154-55

Predation

Longevity and late dates for British and German Orthoptera,
plus a predation record **503**: 156-59

Reintroduction

Bombus subterraneus..... **ICN 68**: 11

Russia

Collection of butterflies from the Southern Ural Mountains,
European Russia **505**: 220-21

Scotland

New Scottish Invertebrate Habitat Management documents **ICN 67**: 8-9

Week on the Isle of Arran..... **505**: 228-30

Spain

Letter from Spain: 16th in a series – Spanish winter
butterflies, notes on 2011 -12 and a species review..... **504**: 204-09

Letter from Spain: 17th in a series – British immigrant
Lepidoptera found in Andalucia. Part 1: Introduction
and the butterflies..... **505**: 240-45

My summer of giants! **505**: 231-38

Swallowtail feeding on almond blossom **502**: 129

Size of insects

My summer of giants! **505**: 231-38

Stinging or biting of humans

Tale of two Emperors (Saturniidae) — in New Orleans,
Louisiana, and Little Rock, Arkansas, USA **502**: 109-15

Story

Brown can be beautiful **505**: 246-52

Mourning Cloak at Chamonix **500**: 36-40

Tanzania

Udzungwa National Park (Southern Tanzania) April 2012 **504**: 196-99

USA

Tale of two Emperors (Saturniidae) - in New Orleans,
Louisiana, and Little Rock, Arkansas, USA **502**: 109-15

INDEX TO SCIENTIFIC NAMES

- A**
Acraea egina 504: 196-99
Acronicta psi 505: 225-27
Actias luna 502: 109-15
Aeshna mixta 500: 22-2; 504: 181
Aiolopus thalassinus 501: 94-103
Anacridium aegyptium 505: 231-38
Anoplophora glabripennis ICN 68: 7-9
Antanartia schaeneia 504: 196-99
Anthocharis damone 501: 63-77
Archaeophya adamsi ICN 67: 12
Argynnis lathonia 505: 240-45
Aricia agestis ICN 69: 7
Asilus crabroniformis 503: 159
Austrocordulia leonardi ICN 67: 12
Austropotomobius pallipes ICN 68: 10
- B**
Bicyclus ena 504: 196-99
Bombus mastrucatus 502: 106-08
Bombus ruderatus ICN 67: 7
Bombus subterraneus ICN 68: 11
- C**
Cantharis rustica 503: 160-64
